WORLD'S BEST VINEYARDS

We are known for elegant wines from grapes handcrafted by our vintners on the steep terraces and vineyards above the Danube. Together we ensure an impressive assortment of wines hailing from the Wachau's single vineyards, where we cultivate roughly one third of the region's vineyard area.

WE OFFER INTERSHIPS FOR CELLAR + WINEMAKING

Working period: End of August to beginning of December 2023

Your main responsibilities will be grape reception, vinification, vineyard quality checks, laboratory, bottling, IT system etc.

Ideally, you have previously acquired: wine making education, possibly experience at other wineries; flexibility and stress management skills; forklift license (not prerequisites)

Your internship would ideally last at least three months.
We would be happy to provide accommodation on the winery premises.

If you wish to contribute to a professional and dynamic team while working in an area that offers wide variety and is focused on people and wine, we would be delighted to hear from you. **Please send your detailed application, including photo, to: office@domaene-wachau.at**
